

Dear Bruce,

Thank you for your fax of Jan 29.92. I have just a few minutes ago notified the External Affairs in Ottawa.

I would like to know where and between what dates you will be teaching in (West) Germany as you mention in your fax.

Was that a slip of the tongue or just a geographical demarcation? Then again, how East was East Germany with respect to West in terms of simple geography?

With some delay, I received photographs of the building today. Lo and behold! They were 30 by 50 cms, So I promptly sent them back to Design Co. I will be getting the new load on Tuesday and will mail them to you on the same day. I will also send Jon Tupper another set.

Best wishes,

ps. I will fax Jon Tupper a synopsis as well.
