Subject: Erik from Berlin still working for Istanbul

Hallo Vasif,  
back from your holiday I am still working a lot for Istanbul.  
You will see this week my proposal with the images I scanned for the  
book.  
Tell me what you think I hope you like it. Because it was a one week  
work.

About the money situation:

I have no definite answer from the Berlin Senat but I am very positive.  
Then there is the question how we deal with the money I spend already in  
Istanbul (for which I got receipts) and now here in Berlin ( paper, ink,  
CD's and delivery service for the letter you will get the next days), is  
it possible that you make me a bank transfer to my bank account here?  
As well for the 3 duplicates of the slide-projection (which is around  
400 DM) I don't have that much money here at the moment.

What should we do?

Greetings

Erik
