Hello Tina, how are you? I hope you remember the exhibition that I mentioned briefly during my visit to Konstfack. I am still keenly interested in the set of photographs that you had produced out of your visit to Ankara in 1999? The exhibition for which I request your presence is the one we are planning to open on September 20 in Istanbul one day before the biennial. The show is about a multiplicity of things, but the main pivot is the constructions of the private and public spheres as they apply to urban contexts here in Turkey; dovetailing it are issues of different urbanisms, spatial imaginations of anti-legal capitalism.

You had sent me copies of the photographs before. Can you let me know of the dimensions of the **mercimek sokak** works, and if there is any possibility for you to find financial support from Sweden for transport and travel?

Warm regards, and I look forward to hearing from you.
