*Cher Alain:*

*I think we had two fantastic lectures for the year of 2001 with Hans Ulrich Obrist and Hou Hanru. The turn out was terrific and we have had great response from the community. As a result of these talks, and the research of the curators in Istanbul, the artists Gülsün Karamustafa, Hüseyin Alptekin, Oda Projesi, Serkan Özkaya and Esra Ersen have all been invited to international exhibitions.*

*For the year 2002, I would like to invite Jerome Sans, co-director, Palais Tokyo Cecile Bourne, independent curator, Paris As per 2001, it would be great if you could meet the costs of travel and stay, and we will take care of the rest.*

*Regarding additional projects, I would like to invite two artists who have been based in Paris in the recent years.*

*Bojan Sarcevic*

*(cover versions, 3 screen video installation, done with the Turkish Roman musicians lead by Barbaraos Erköse). The piece was recently exhibited at Kiasma Museum in Helsinki.*

*Anri Salah*

*(we would like to show a number of his videos beginning with Intermezzo)*

*These would entail assistance with travel, and stay of the artists, and contribution towards the costs of the exhibition).*

*I would also like to invite Nicholas Tremblay of the BDV (a small but effective institution in Paris that produces and distributes artist videos) to make a video days for us as well as give a lecture.*
