Dear Garth Castren:

I understand that Zeynep Taşkent, honorary Consul to Finland in Istanbul has communicated you our need for support for a major exhibition by Proje4L Istanbul Contemporary Art Museum and the Nordic Institute for Contemporary Art (NIFCA) based in Helsinki.

The exhibition is called "Stop for a Moment: Painting as Narrative." It features the artists Robert Lucander (Finland), Birgir S. Birgisson (Iceland), Lene Vaering (Norway), Vanessa Baird (Norway), and Elina Merenmies (Finland). The exhibition is organized by the Finnish curators Kari Immonen and the Rector of the Helsinki Academy of Fine Arts Mika Hannula. In addition to the exhibition there will be a one-day conference. Soreen Friis-Moeller, the director of NIFCA as well as Ms. Cecilia Borgström-Fälth Gothenburg International Art Biennale will be attending the opening.

We have reconfigured our needs as per the attached budget document. All we are currently in need of is a total support of Euro 1,690 for the honorarium of the curator. Your support would be credited in the invitation, on our web site to the exhibition as well as on our supporters wall in the museum. We could additionally send on your behalf 200 invitations to the exhibition.

Thank you in advance for considering support of this great exhibition project. We look forward to your positive response.

Sincerely,

Vasif Kortun
