Subject: Re: lectures

Dear ?zge,

Sorry for the lateness again! It seems the Maersk is the only reasonable option then. Could I fly out on the 15th and return late on the 18th. It seems short but hopefully we can get enough done and if things work out with a project in Malmo I can come back .

Does it mean the lecture on the 16th and then 17th-18th to visit to artists and see work? Would someone be available to take me around?

Thanks,

Charles
