I can get Semiha Berksoy for you, and you must have seen "semiha b. unplugged"  
Kutlug Ataman's 7 hour 45 minute video interview that made her famous (once  
again)! (I have the videos in case you want to see this project). I had done a  
show with her 10 years ago. But, just keep in mind that it is really about the  
pathology,
