dear vasif,

thanks for the message.

i have requested that the kunsthalle vienna email you current information on my "tele[visions]" exhibition, which will open in vienna, in october 2001.

perhaps it's a longshot, but maybe there will be a way to have a cooperation on the show for a presentation in istanbul.

we are exploring possibilities with a number of institutions in europe, and this process continues.

i look forward to communicating with you again.

what kind of museum are you opening?

all best,
joshua

PS: i go to vienna again during the last week of february.
