Dear Vasif,

Of course I remember our discussion about Serkan Ozkaya's living and working in utrecht project. I enjoyed it a lot because there was something at stake.

I also liked the intervention of the friend of Serkan. It was a lively and interesting debate.

I thank you very much for inviting me to Istanbul. I would love to come.

Please propose a date. I would be able to come in October for instance, but

I leave this to you. I think I would like to discuss the subject of the rapprochement of the art academy and the university, and the specific position of the Jan van Eyck (which is precisely a critical attitude towards the art academy and the university). What do you think?

Kind regards,

Koen
