Dear John,

I think, there is a misunderstanding. There are two possible places; the
first is the Proje4L that the first contemporary art museum directed and
curated by Vasif Kortun and you can lecture there I think on the 8th and the
second place which is a university you can lecture there either on the 3rd
or on the 10th. I think, Proje4L is the best place to lecture, you can write
Vasif on that. If you also accept to lecture in the University, you can
lecture either on the 3rd or 10th.And I can put you into contact with the
director of Visual Communication Design Dept. Ms. feride Çiçekog˘lu.

All the best,
fulya
