Dear Birgit Flügger:

Firstly, please excuse my belatedness in contacting you. We just had the opening of a large-scale Nordic Painting exhibition at the museum initiated by Proje4L and NIFCA.

We are very glad here in Istanbul to organize the AJ exhibition, slated for Mid-June, 2002.

I will write you tomorrow in detail regarding the borrowing of and the production of the Turkish translations of Milestones & Evergreens that we believe will function as the main axis of the exhibition, as well other details and technicalities.

Sincerely,

Vasif Kortun
