Dear Vasif,

We met briefly at the ECF conference in Toledo last November. I want to send a message of support and ask if there is anything we can do?

I'd like to put a news item at least on our site if you agree.

Please let me know what happens in the future and keep in touch,

Warm regards

Dear Vasif,

I am really sorry to hear this news; it's really a sad shame.

You all have been able to accomplish so much with so little backing and to make such an important contribution.

I too will hope for you all that something new emerges.

I spent the afternoon with Shahzia and was moved to hear the important role you played in her life and work, for which she is clearly grateful.

Keep up the great work at Platform, where I am still hoping to visit you again soon!  
All best from New York.

Konu: disappointing news

Dear Vasif,

I was very sorry to read your email message and learn of the plans to suspend the operations for Proje4L. I am disappointed too that I was never able to travel to Turkey in the time you founded the organization. Perhaps like the majority of your admiring audience, I am far away but well aware of your good work. Congratulations on all you have done in the past 2 ? years.

Best regards,

Kathryn Kanjo

To all of you who still hope and stand for your cause I wanted to let you know that

you are not alone. Many members of the international arts community stand by your side and are currently experiencing similar cuts and obstacles.  
The idea is that not huge amounts of money are needed to put together quality art programs and if sources and resources are put together to collaborate between arts professionals and institutions then some good results will sprout that will draw the attention of the decision makers.

Best regards,
