Dear Chris Dercon,

The Nederland's Consulate would like to know how much the ticket is when you buy it from Amsterdam because if you buy it from there, probably the price gets lower. Please could you write me as soon as possible about the prices from Amsterdam? I'm sorry to ask you about this but they said that there's a big difference when you take it from there. (KLM and also the other airways if you would) Thank you very much,
