

To the Attention of Shirley Madill WAG.

16.11.95  
Istanbul

Dear Shirley,

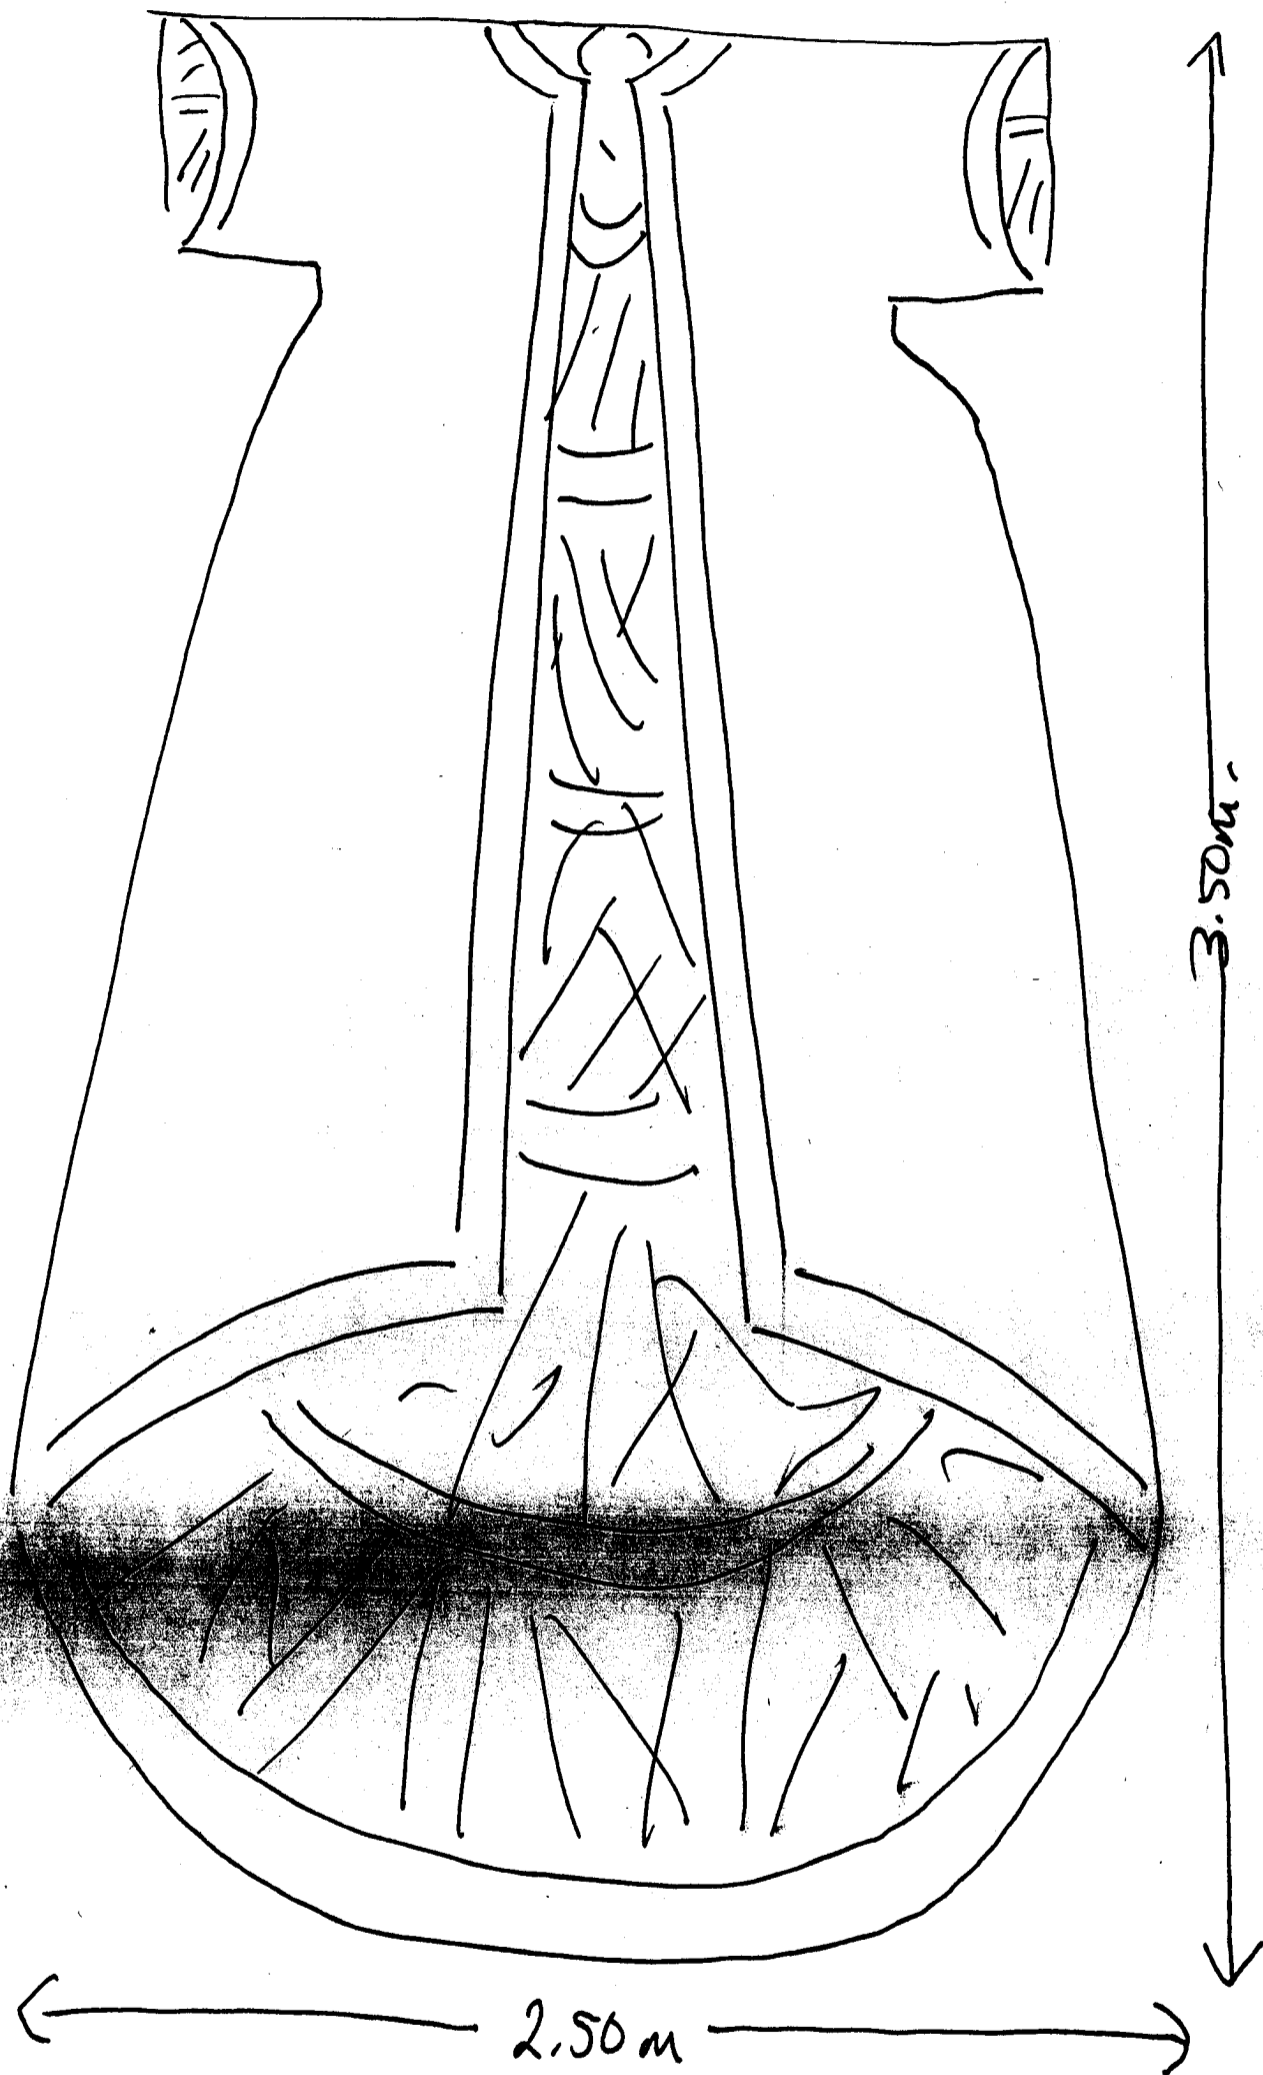

It was a little bit difficult to make them send a parcel like this but at last I have send the work. I hope you will recieve it by the end of this week. It will come to your home address. I named it "A Patchwork quilt in the form of a Caftan" and send it to you as a "Christmas Present". If they ever question you about this don't forget to give the above description and say that a friend has send you an original handmade patchwork for christmas from Turkey.

I want you to show the work laid flat on the floor like a bear skin or carpet. it is a form like this → just lay it on the floor ~~back~~ so that the people may walk around it. If it is laid in the middle ~~there is no direction~~ but if it is laid in front of a wall please keep this side close to the wall. If there will be any problems I am here to answer you.

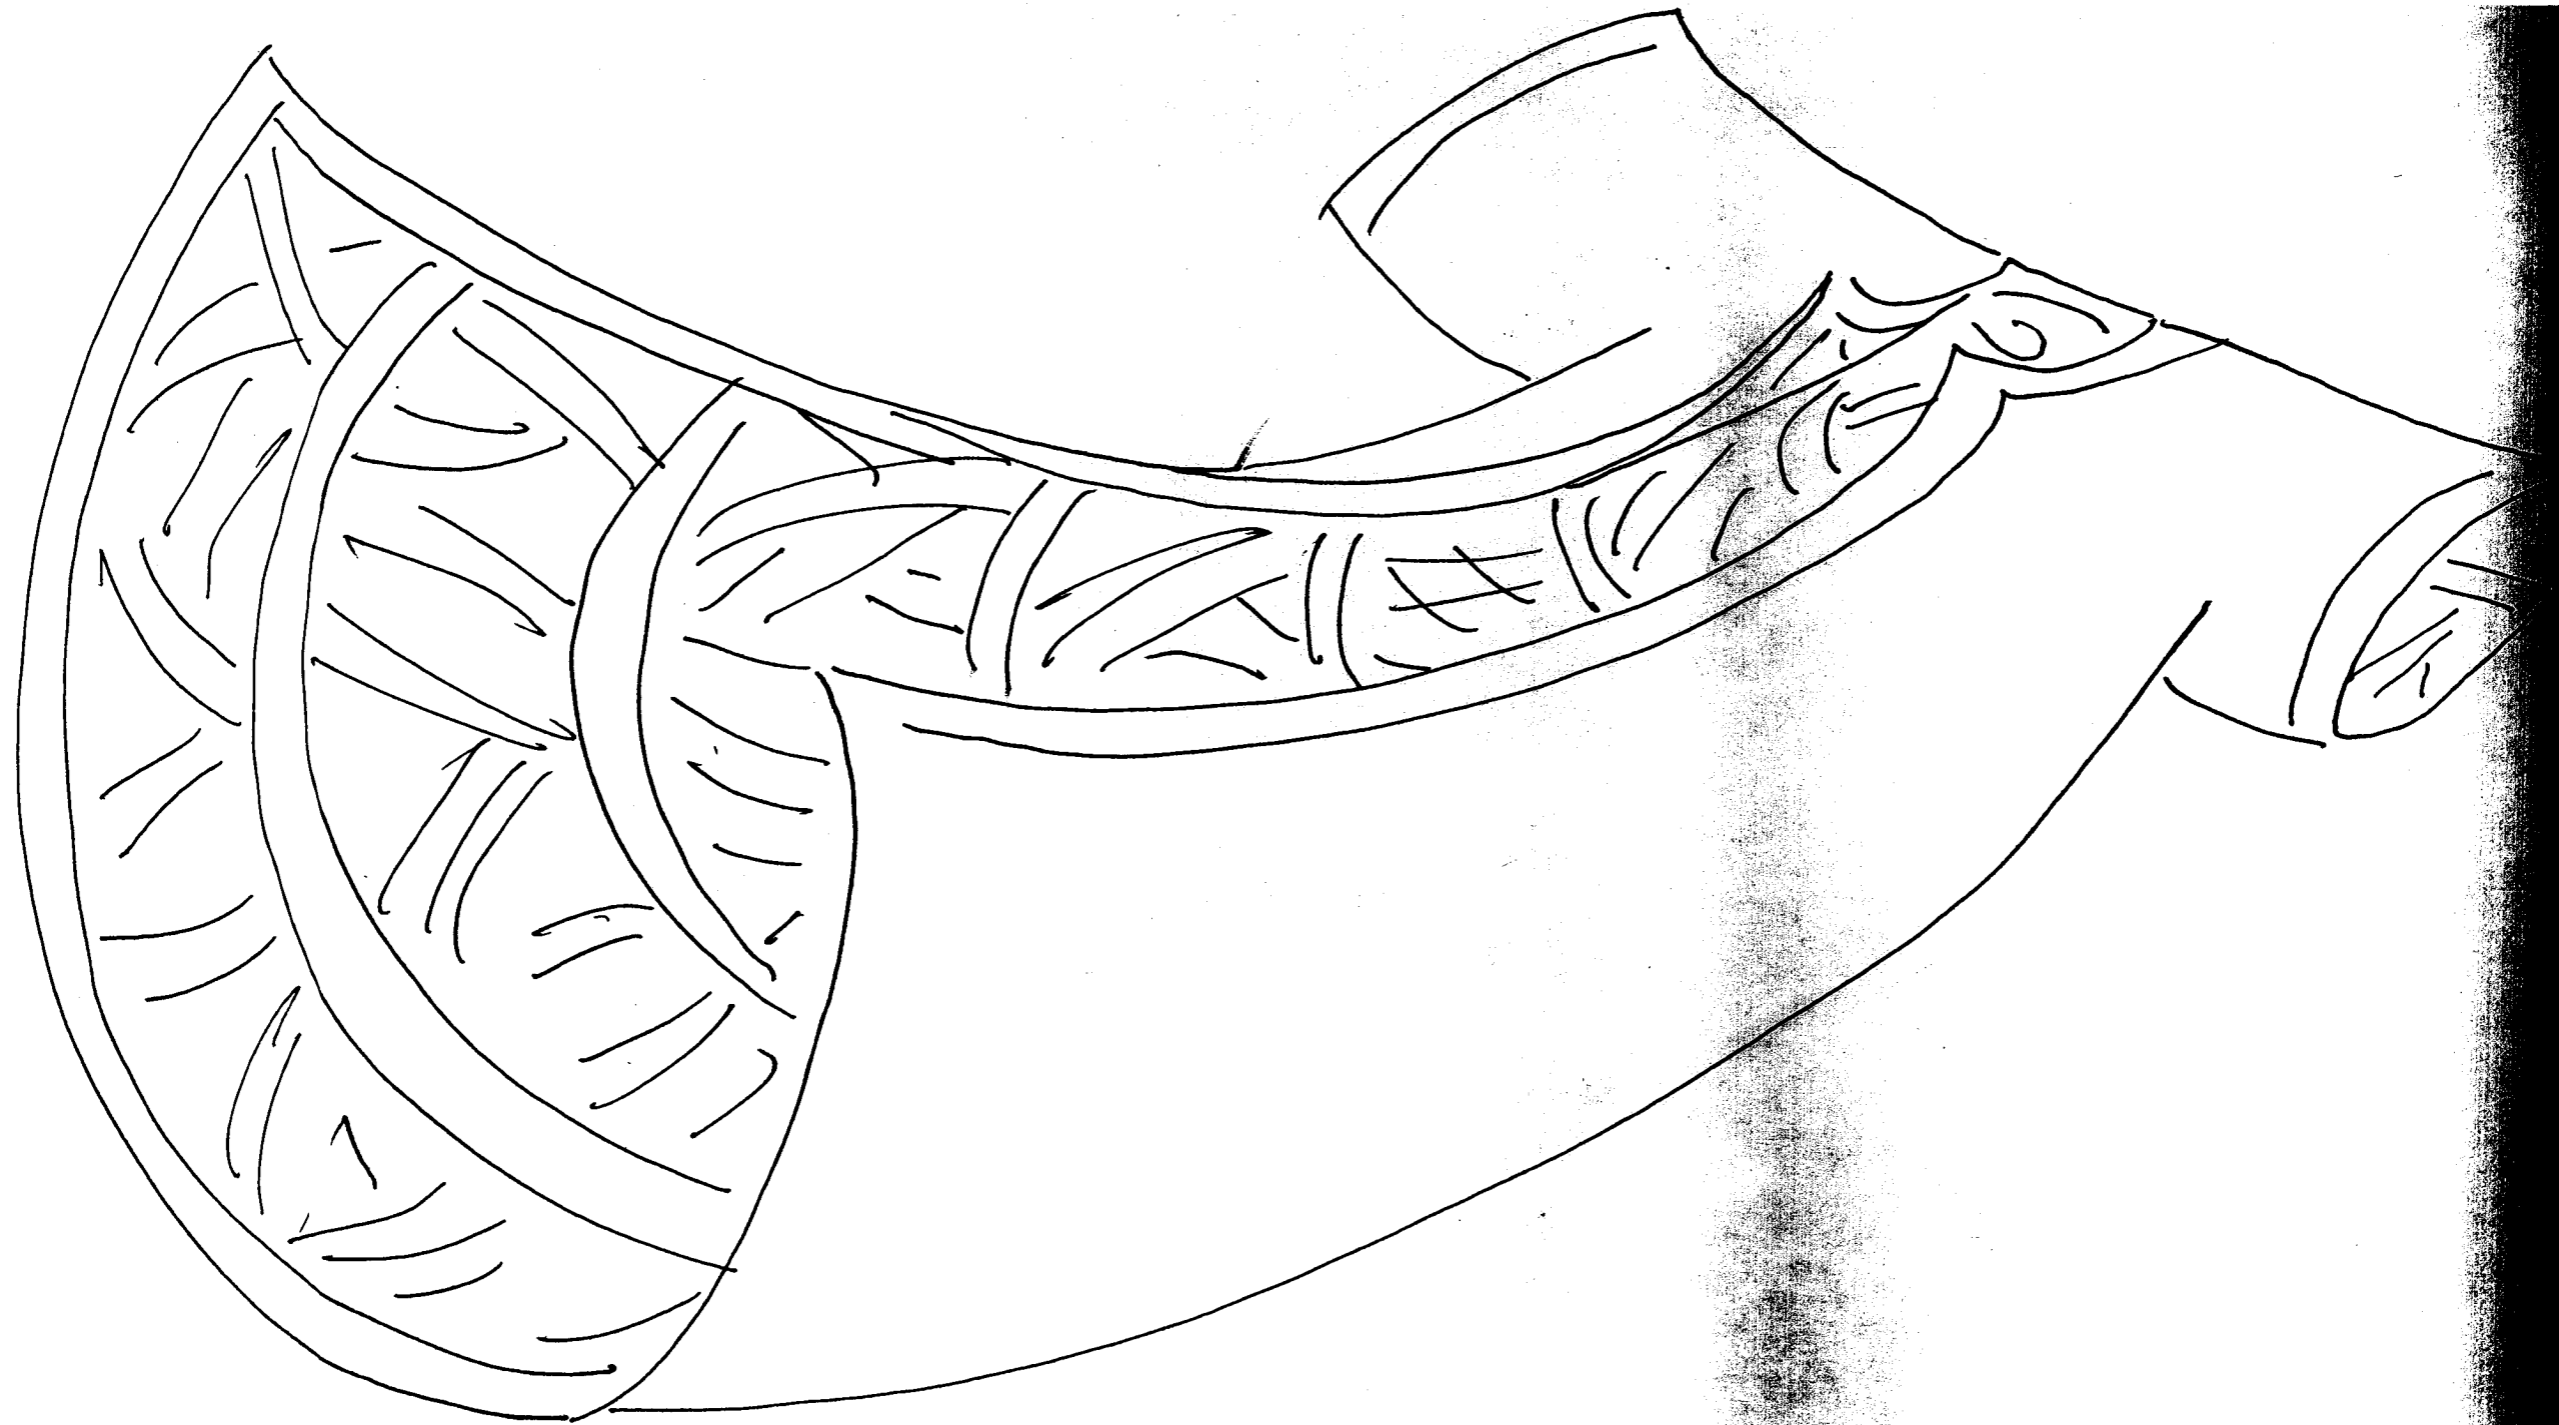

Please inform as soon as you recieve the parcel.

Gülşün Karamustafa  
The name of the work is still the same.
