**Organized by:** Platform Garanti Contemporary Art Center

Platform Garanti Contemporary Art Center will organize an exhibition titled **Die Letzen Dinge** at Westfälischer Kunstverein Münster.

This collaboration between Platform Garanti and Westfälischer Kunstverein was not imagined as a familiar exchange and circulation project based on the presentation of the works of artists from one city to another city. Two different exhibitions reflecting on and discussing different approaches to the same theme were planned. The Westfälischer Kunstverein exhibition will take place in Istanbul in fall 2008.

Even though theology resorts to concepts like death, judgment day, heaven and hell in regard to the eventual fate of humanity and/or the world, the ultimate underlying question is basically existence and/or nonexistence. The exhibition Die Letzen Dinge is a reflection on individual takes on existence and finitude.

*This exhibition is supported by Kunststiftung NRW and Goethe-Institut.*
