RE: MAXXI Scientific Committee Meeting

Dear Fulya ,

I'd like to take this opportunity to wish you a Happy New Year and thank you for being part of MAXXI's Scientific Committee. We believe that your rich experiences and insights on contemporary creation will be great sources of inspiration for the development of our institution.

The past one, has been for MAXXI, a year of reinvention of its identity, yielding local and international attention, fruitful relationships with the Italian and international art and architecture communities. The new program of exhibitions, research, education and public events have attracted unprecedented praises from professionals, media and general public while, thanks for the supports of the artists, architects, sponsors and donors, a considerable number of new works have entered into our collections.

The Scientific Committee is a key component of our institution as an advisory body. And we consider now is the best time to have the first meeting. Therefore, we are delighted to invite you to be with us, at MAXXI, on February 19 2015, for this very first meeting. We hope you will be available to join it. (In case of difficulty for you to come, we'd be happy to invite you to join via Skype.)

We know you all have busy schedules so we will be happy to assist you on this. For details pertaining to travel organization and expenses, please contact our offices at beatrice.iori@fondazionemaxxi.it and Beatrice Iori will be happy to take care of your plans.

For your convenience please find attached a preliminary schedule for the meeting.

We are looking forward to seeing you at MAXXI and kick off a year of fruitful collaboration on relevant and original projects.

Thank you again for your support and insight and warmest regards,

The President
Giovanna Melandri

A handwritten signature in black ink, reading "Giovanna Melandri". The signature is fluid and cursive, with the first name "Giovanna" written in a larger, more prominent script than the last name "Melandri".
