Dear Daniel Bucholz,

With the participation of 14 artists, the exhibition "Organized Conflict" will be realized between the 20th of September – 22nd of November 2003 in Proje4L Istanbul Museum of Contemporary Art.

The exhibition will explore the new perspectives and possibilities in contemporary painting. It will be held during the 8th International Istanbul Biennial and be listed in the proposed exhibitions of the Istanbul Biennial brochure.

We would like to exhibit Lukas Duwenhogger's "Perusal of the Ill-begotten Treasures" in the "Organized Conflict. The transportation and insurance of the work will be organized and covered by Proje4L. Attached we are sending you the signed Loan Form and Logistic Form (the logistic form will be also filled out by Lukas Duwenhogger, however, we are sending it to you for the transportation purposes). We would appreciate very much if you can fill, sign and fax the form back to us at your earliest convenience.

We also want to take the installation view photographs of the works and prepare an insert for the catalogue. Your exhibition will be closed on the 6th of September. Could inform us about the earliest date that the transportation company can pick up the work from your gallery?

Thank you so much for your collaboration and look forward to hearing from you soon.

Sincerely yours,

Fulya Erdemci
