Dear all,

I hope life is well in Istanbul.

1) I have just sent material for our graphic designer Junie to Norway for Stop for a Moment card and poster. Card text is attached, if you wish to comment on it. Junie will do the layout and then sent it on CD to you so that you can have the Turkish version done.

2) I would still need the measurements of the street poster, can you sent those to me ASAP so that I can forward those to Junie aswell.

3) How many English invitation cards do you think you will need? And how many English catalogues?

4) And do you have timetables for springS artists talks?

Greetings from Helsinki,  
Tuulikki
