Dear Kari and Santa, I want to introduce you my partners at the museum:
Yasemin Tenger and Ozge Acikkol.

Now we all have each other's coordinates. Please copy all messages Ozge and Yasemin, and they will do the same from now on. Since we are a small hands on team we tend to do everything as it is necessary.

It may be really great to use the margin of time we need so as not to rush things later.

For the press:

Information on the artists:

Good Quality Images (scans with captions on a CD is fine)

The catalog texts

Invitation Card Information

Checklist

Conference:

Mika and Kari?

And what do you need from us? By way of Logo and etc?

Warmest from a very cold Istanbul.

Vasif
