Dear Vasif,

How great: you'll host the Turkish Premeire. I am honored!

I am sorry to report that there is no textual transcription of "Not For Sale".

I do have the Original Program Notes, used when the work was premeired at MoMA and Apex Art in 1998---this textual brochure gives a good introduction to the piece, and I recommend, even for English-speaking audiences, that public screenings circulate this essay as an introduction for the audience.

Please send me your mailing address and I will send out a copy to you.

I had a fascinating trip to Istanbul in the summer of 2001 and am especially pleased that you will be presenting "Not For Sale" there.

Thanks again for your support.

Best Regards,

Laura
